Star Clock Pattern: Inner Circle

THE TIME IS

CASSIOPEA

BIG DIPPER

North Star

LITTLE DIPPER

STAR CLOCK

How to use your Star Clock—

- Go outside and find the Big Dipper and North Star.
- Face the North Star.
- Turn the outer circle of the Star clock so the current month is at the top.
- Turn the inner circle until the picture of the Big Dipper lines up with the Big Dipper in the night sky.
- Read the time in the window. Remember to add an hour if it's daylight saving time.

Star Clock Pattern: Outer Circle

Star clock dial showing the twelve months (JAN–DEC) around the outer ring and the 24-hour times (12 MIDNIGHT, AM, NOON, PM) around the inner ring.
